Execution on Two “Knowns”

Agile Development

Brilliant inventions **fail from**
a lack of customers more
often than from a failure of
product development

It's about SOLVING a **NEED** or **PROBLEM!**

It's about **SATISFYING** a customer need.

1. VALUE PROPOSITIONS

"It's not about your IDEA or PRODUCT!"

...and **WHO** are your customers

2. CUSTOMER SEGMENTS

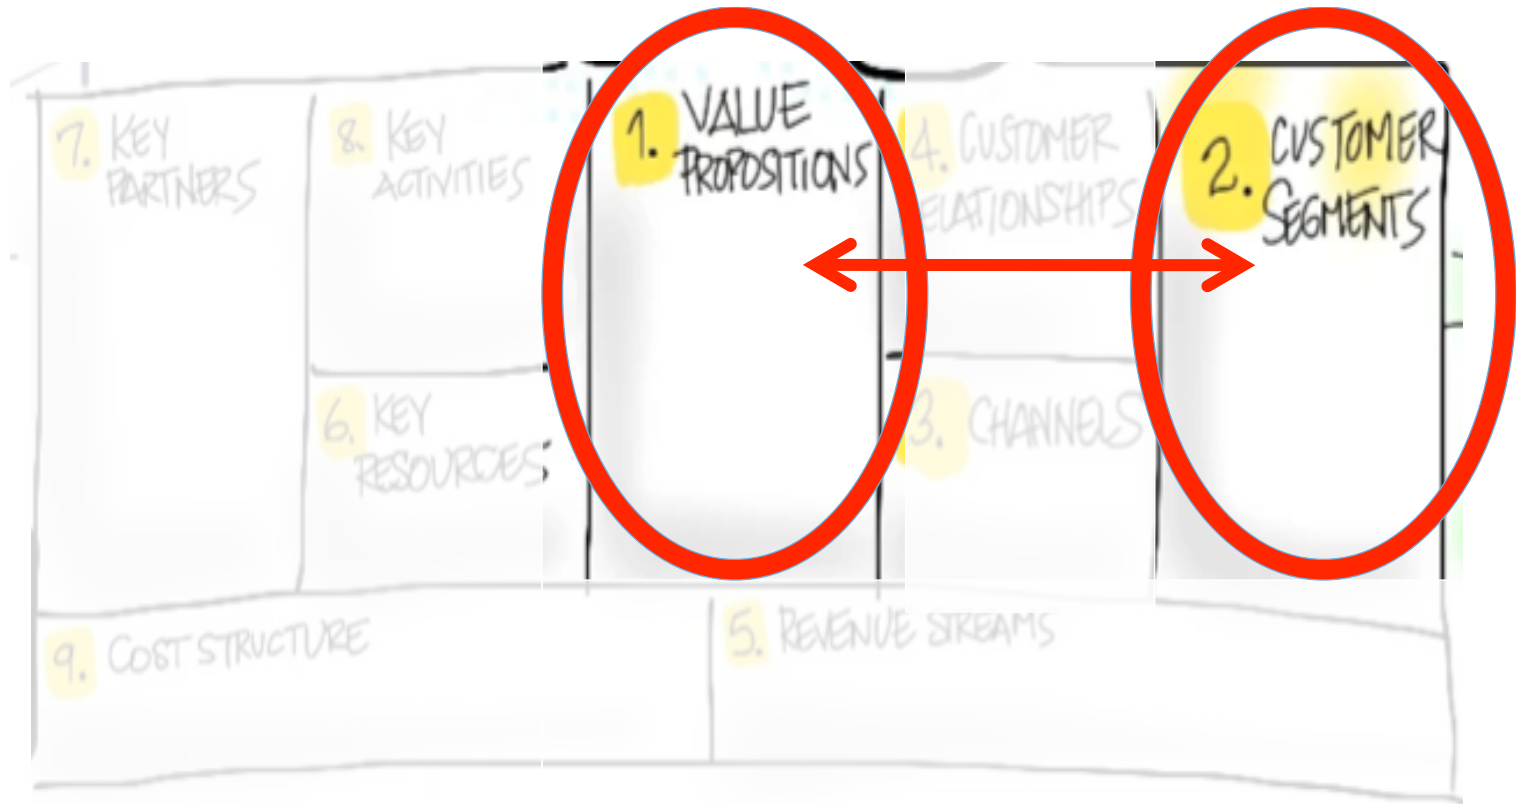

Your customers do not exist to **BUY**.
You exist for them.

The Business Model Canvas

Designed for:

Designed by:

On: Day Month Year
Iteration: Day

<p>Key Partners </p> <p>Who are our Key Partners? Who are our key suppliers? Which Key Resources are we acquiring from partners? Which Key Activities do partners perform?</p> <p>KEY PARTNERSHIP AND PARTNERING: Specialization and economies Reduction of risk and uncertainty Acquisition of particular resources and activities</p> <p>Guess</p>	<p>Key Activities </p> <p>What Key Activities do our Value Propositions require? Our Distribution Channels? Customer Relationships? Revenue streams?</p> <p>CATEGORIES: Production Problem Solving Platform/Network</p> <p>Guess</p>	<p>Value Propositions </p> <p>What value do we deliver to the customer? Which one of our customer's problems are we helping to solve? What bundles of products and services are we offering to each Customer Segment? Which customer needs are we satisfying?</p> <p>QUALIFIER/ADJECTIVE: Newness Performance Customization Convenience "Getting the job done" Design/Status Price Cost Reduction Risk Reduction Accessibility Greenness, Usability</p> <p>Guess</p>	<p>Customer Relationships </p> <p>What type of relationship does each of our Customer Segments expect us to establish and maintain with them? Which ones have we established? How are they integrated with the rest of our business model?</p> <p>Guess</p>	<p>Customer Segments </p> <p>For whom are we creating value? Who are our most important customers?</p> <p>MARKET SEGMENT: New Market Segment Disruptive Multi-Sided Platform</p> <p>Guess</p>
<p>Key Resources </p> <p>What Key Resources do our Value Propositions require? Our Distribution Channels? Customer Relationships? Revenue Streams?</p> <p>TYPES OF RESOURCES: Physical Human Financial Social and Intellectual Property, Copyrights, Patents</p> <p>Guess</p>	<p>Channels </p> <p>Through which Channels do our Customer Segments want to be reached? How are we reaching them now? How are our Channels integrated? Which ones work best?</p> <p>Guess</p>			
<p>Cost Structure </p> <p>What are the most important costs inherent in our business model? Which Key Resources are most expensive? Which Key Activities are most expensive?</p> <p>IS THIS A REVENUE MODEL? Cost Driven (Lowest cost and structure, low price value proposition, maximum automation, minimize outsourcing) Value Driven (Focused on value creation, premium value proposition)</p> <p>KEY COST STRUCTURES: Fixed Costs (rent, taxes, salaries) Variable costs Economies of scale Economies of scope</p> <p>Guess</p>		<p>Revenue Streams </p> <p>For what value are our customers really willing to pay? For what do they currently pay? How are they currently paying? How would they prefer to pay? How much does each Revenue Stream contribute to overall revenues?</p> <p>TYPES: Asset Sale Usage Fee Subscription Fee Licensing/Royalty Licensing Licensing Franchising Fee Advertising</p> <p>REVENUE MODEL: Low Price Product/Service dependent Customer segment dependent Volume dependent</p> <p>REVENUE STREAM: Subscription Fee Bulk Sales Real-time Market</p> <p>Guess</p>		

Startups are
in **SEARCH**
mode!

The CANVAS...

A set of
~~HYPOTHESES?~~
GUESSES!

HERE'S
HOW...

? HOW do we
change "guesses"
into **FACTS?**

The CUSTOMER DEVELOPMENT PROCESS

In other words...

CUSTOMER DISCOVERY → CUSTOMER VALIDATION

↑ PIVOT ↓

CUSTOMER CREATION → COMPANY BUILDING

SEARCH

EXECUTION

Customer Segments

"Customers will be MALE... 24-35... in URBAN AREAS... who like STARBUCKS..."

Your canvas...

Do the hypotheses need to be MODIFIED?

Did the results match the hypothesis?

HYPOTHESES

WHY? WHY NOT?

INSIGHT

ITE

"How about a GOOGLE ADWORDS campaign to acquire?"

DESIGN EXPERIMENT

- Run Google Adwords campaign to acquire
- COLLECT and ANALYZE the data

TEST

"Oops! We kept getting TEEN GIRLS in suburbia!"

The CUSTOMER DEVELOPMENT PROCESS, continued...

TEST your GUESSES...
and LOOK for INSIGHTS!

- Mark up your old canvas.
- ... but don't discard your learning.

START 2 NEW CANVAS.

- New hypotheses...
- New experiments...
- New tests...

...and GET OUT
of the BUILDING!

Minimal Viable Product

Continued...

Because customers didn't have input, many products were made that didn't satisfy customers' **WANTS** and **NEEDS**.

HOW ABOUT SOMETHING DIFFERENT? MINIMAL VIABLE PRODUCT

1. Build the minimum features in order to get **FEEDBACK**.

WHAT DO YOU THINK?

2. QUICKLY and ITERATIVELY GET CUSTOMER FEEDBACK...

3. As you get more feedback, you can **ADD MORE FEATURES**.

of TIME...
of PEOPLE...
of MATERIAL...
of RESOURCES...

PIVOT

SPEED: On the web, you can reach thousands of customers in a short amount of time.

TEMPO:

Like a metronome tempo is CONSTANT, CONSISTENT, and RELENTLESS.

PIVOTS are the RESULT of HYPOTHESES TESTING and EXPERIMENTATION.

REMEMBER!
Hypothesis testing involves FAILURE!

PIVOT

What do you do when HYPOTHESES do not match REALITY?

A PIVOT is a SUBSTANTIVE CHANGE to one or more business model components.

An ITERATION is a minor change...

FIRE the HYPOTHESIS, not the FOUNDER.

You're FIRED!

CUSTOMER DEVELOPMENT

The Founder Can:

- ✓ CHANGE the PRODUCT
- ✓ MAKE PIVOTS
- ✓ HEAR CUSTOMER FEEDBACK FIRST-HAND

Done by
The FOUNDER S!

? What if the STORY or VISION isn't right?

FOUNDER

I'll just HIRE someone to do it...

The founder has the vision, not the proxies... but the proxies are killed as the messengers for not "explaining it right."

VISION?

But where is the VISION for customer development?

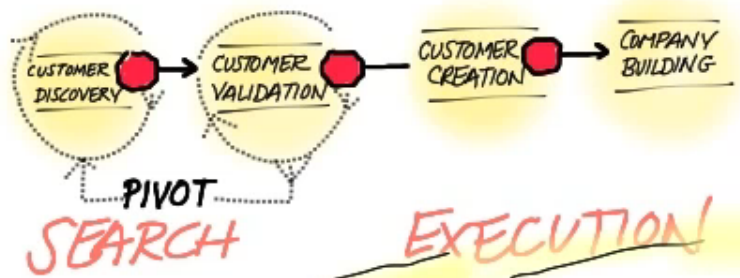

The CUSTOMER DEVELOPMENT PROCESS, continued...

Your "STACK" of canvases is a chronicle of your startup OVERTIME!

- * Look for INSIGHTS in the NUMBERS.
- * You may have some "GRUMBLE GRUMBLE" moments → 2nd then 2nd EPIPHANY.
- * SEARCH. DISCOVERY. VALIDATION.

- Build high fidelity app or prototype
- test your understanding of the customer's agreement that you have the solution

→ The match between your VALUE PROPOSITION and CUSTOMERS is called **PRODUCT/MARKET FIT.**

PHASE 3

Test the Solution

- Get out of the building
- Build wireframe or prototype
- test your understanding of the customer's problem or need.

PHASE 2

● Test the problem

- Do people agree you are solving a high value problem or need?
- Do you understand your business model enough to start test selling?

PHASE 4

Verify or Pivot

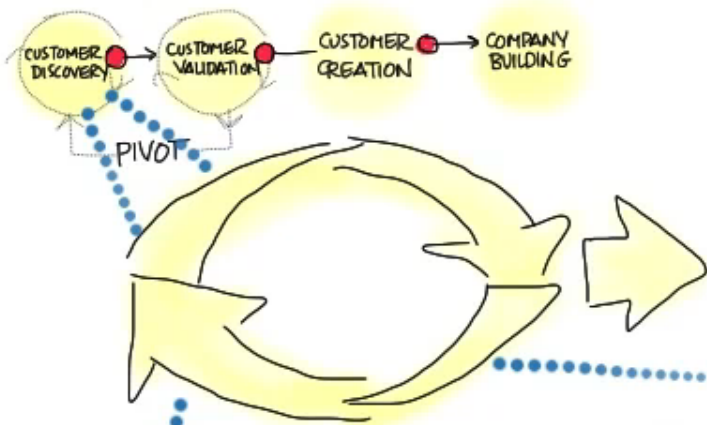

→ Is it big enough to be a business?

PHASE 1

- State HYPOTHESES
- Draw BUSINESS MODEL CANVAS

Draw canvas inside the building...

CUSTOMER DISCOVERY

STEP 1: State Your Hypothesis

STEP 2: Test the Problem

STEP 3: Test the Solution

STEP 4: Pivot or Proceed
